### ALPHA DOOR HANDLE

The Alpha door handle has been designed to complement the Alpha espangolette casement window handles with good looks, long life and a comfortable feel in mind.

- Available as Lever/Lever or Lever/Pad
- Six colours available to match the Alpha suite of window and door furniture
- Standard finishes are white, PVD gold, polished chrome, satin, Enduro steel and black.
- Cylinder hole flange gives additional security and eliminates gap around cylinder cut out.

Lever/Lever - Long Backplate

Lever/Pad - Long Backplate

## COASTLINE DOOR HANDLE

The Coastline Stainless Steel Door Handles from greenteQ are produced from grade 304 stainless steel to provide exceptional resistance to marine corrosion.

- Available in Gold, Chrome, Brushed finishes
- Grade 304 stainless steel construction for exceptional corrosion resistance
- Interchangeable with standard greenteQ Alpha furniture.
- 25 year guarantee\*

greenteQ

\*The Coastline Door furniture from greenteQ are guaranteed for 25 years. However, these handles must be installed and maintained in accordance with the following recommended guidelines:

- 1) Handle screws must not be over-tightened as this may impair the operation of the hardware.
- 2) All turning points on handles must be lightly lubricated twice a year.
- 3) All surfaces must be regularly cleaned with a soft damp cloth to remove any salt, dust or grime, taking care not to scratch the surface.

**Note:** The guarantee does not apply to any mechanical or surface finish fault if it is caused by wilful neglect, damage or inappropriate chemical contact.

**For further assistance, call 01702 899440**

## SWEET LOCK LOCK SECURITY DOOR HANDLE

For added protection and increased security for your doors, Alu-tec have added the Lock Lock security handle to their hardware collection.

The Lock Lock security handle's patented lock-block stops the spindle turning, therefore using this security handle means the home is "locked and locked"; double the protection for the homeowner. The handle must be turned up and the hooks engaged before the switch can be operated. A clever switch on the handle also removes the need for a key on the inside and furthermore a luminous indicator lets you know that the door is indeed securely locked.

The Lock Lock fits all PVC and composite doors and any other door with a standard 122mm or 211mm handle set.

- Patented Design
- The handle can be retro-fitted
- Available as Lever/Lever or Lever/Pad
- Colours available - White, Gold, Chrome, Stainless Steel, Black, Satin, Anthracite Grey and Rose Gold
- Option available for external handle without a cylinder for doors that are never locked from the outside.
