

OPTIO BSC94 LIFT & SLIDE DOOR SYSTEM

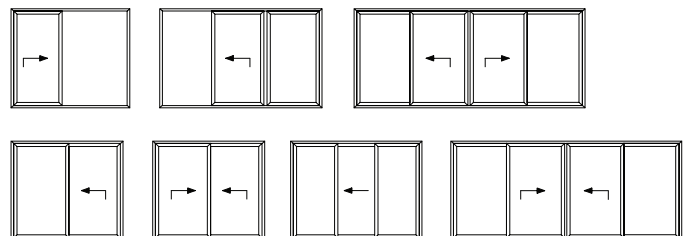

In addition to our standard aluminium patio door system, Alu-tec are now offering the Optio BSC94 premium sliding door.

The AluK Lift and slide aluminium door offers high performance complemented by stunning design to add a modern and stylish look to any home.

The Lift & Slide premium door with slim sightlines is available in a variety of sliding configurations. The Optio BSC94 offers high levels of performance, from thermal UValues of 1.4W/m²K (triple glazed), and with panel weights up to 400Kg. Smooth operation is guaranteed through the use of the highest quality fittings.

- ❖ Available as Inline Sliding
- ❖ Slimmer sightline of 45mm available
- ❖ Multiple sliding configurations
- ❖ Available in single and dual colour; anodised finishes also available
- ❖ Range of hardware and security features
