**ALU K** ®
INNOVATIVE BUILDING SYSTEMS

The innovative aluminium flush window from AluK is the stylish and durable alternative for timber windows.

With minimal sightlines the contemporary and a slim line 45mm sash, the flush window enjoys maximum weather resistance as well as all the familiar features of the 58BW collection.

Open out sashes include:

- Casement, top and side-hung and fixed lights.
- French casements (floating mullion not an option).
- All fixed panes must have dummy sashes.

- Market leading lightweight Aluminium profile system

- 45mm ultra-slim sash offers slimmer sightlines to suit a range of property styles

- Flush shadow line can be complimented with a choice of flat, putty line or stepped edge vent styles

- Shootbolt multi-point locking hardware for enhanced security

- Double or triple* glazing options.
  *Triple glazing only available with AW685 sash.

- Integrated night vent position with option for trickle ventilation

- Enhanced weather performance

- Complies with current building regulations

- Green guide 'A' rating for the aluminium profile

- Thermally broken profiles as standard

- Available in a variety of colours

WHY CHOOSE ALUMINIUM WINDOWS AND DOORS?

Aluminium windows and doors are the perfect upgrade for your home. The narrow profiles and slim sightlines can really make a difference to the look of your home.

Aluminium is lightweight, strong and regarded as one of the most sustainable building materials available. Security of your home is improved because of the strength of the material and there is no need to worry about warping or rust meaning our aluminium products are maintenance free.

Perfect for contemporary new-builds and refurbishment projects, these aluminium flush windows are stylish, durable and the ideal alternative for timber windows.
